🪪 MY PROFILE

I am an ambitious individual with a passion for continuous learning and diverse career interests. I excel in collaborative teamwork and have a strong inclination towards teaching others. I am recognized for my achievements and hold two certifications as the Best Web Development Member from SPE. Additionally, I secured first place in the Smart Government Hackathon 2023, specifically in the smart Insurance and smart Monitoring categories. My commitment to professional development is evident in my active participation in events hosted by Google, IEEE, PUE, and SVT.
